Sammy Hughes exclusively designing for Newrock

**The Newrock Tanker Range**

Newrock's 40 years of experience means that we can offer the latest in design and development to our range of Tankers, Dribble Bars and attachments, supporting today's increasing demands for umbilical spreading systems.

Newrock's continued ethos of added value means that all sizes include as standard

- Sprung Draw Bar
- Hydraulic Changeover
- 2 Pak Paint
- Hydraulic Jacking Points at rear for added safety
- Anti enclosure rings and baffles
- Fitted with Newrock's Hose protector and Bracket
- Battioni Vacuum Pumps
- Wash Down Hose Point
- Fully shot blasted prior to painting
- 4 Fill points and 2 Valves fitted
- 6mm Plate ( verifiable)
- LED Lights
